

Garage Organization Plan

COMPANION GUIDE

Hi Ada Lovelace. Start with the portrait Blueprint and the room-flow map. This guide keeps the essentials: safety, climate, why it helps, the shopping list, and each before and after from the same photo.

SAFETY ESSENTIALS

- Paint is optional — skip it unless it helps the goal.
- Anchor tall or heavy furniture to the wall before you load it.
- Keep a clear floor path to the door.

CLIMATE COMFORT

- Use the heating and cooling already in the room. This plan does not add portable heaters or new vents.

WHY IT HELPS

A clear path from the door, one simple home for each everyday task, and a quick reset mean fewer decisions in the moment. Daily routines get calmer because the room stops asking you to think about it. The room becomes easier to read, easier to reset, and easier to live in.

SHOPPING LIST

Lidded bins

Qty 6 · \$12 each · \$72

Wall shelves

Qty 2 · \$39 each · \$78

Peg hooks

Qty 8 · \$4 each · \$32

Label maker tape

Qty 2 · \$8 each · \$16

Floor mat

Qty 1 · \$29 each · \$29

LIST TOTAL \$227

Your stated budget: \$100 – \$300.

ORGANIZED VIEW

This page shows the organized after beside your original photo. Same windows and walls (~95%). Paint is optional and is not applied in the visual.
